DEPARTMENT OF PUBLIC SAFETY
REPORT TO THE 2022 LEGISLATURE

ACT 8 (2007)

SPECIAL SESSION, PART 1, SECTION 7(C)
RETURN OF OUT-OF-STATE INMATES

December 2021
The Department of Public Safety (PSD) continues to make every effort to comply with the requirement in Act 8 to return inmates housed in contracted private facilities on the mainland within one year of their parole or release date. PSD has implemented screening mechanisms to ensure that qualified inmates are returned to Hawaii’s correctional facilities in a timely manner. Qualified inmates are measured by the completion of all recommended programs, misconduct-free records, and minimum custody levels.

From November 2020 to October 2021, PSD brought 153 qualified inmates back to Hawaii for parole, Sex Offender Treatment program or work furlough participation.

The following table shows the inmates that are within 1 year of their parole hearing date and have not been returned in 2021:

<table>

PSD continues to return inmates back to Hawaii from the mainland facility. From the previous count of 1080 inmates, the count of inmates at the beginning of the year dropped to below 1000 for the first time since 2002. However, due to the ongoing construction/renovation at the Halawa Correctional Facility, the count increased back to the current 1114 inmates. Many programs were temporarily shut down during the COVID pandemic, resulting in a reduction in the number of eligible inmates returning to Hawaii to transition into the work furlough program. As more inmates receive their vaccination against the COVID-19 coronavirus and programs start to reopen, the Department will see more inmates eligible to transition towards the pre-release programs.

PSD will continue its proactive approach to return its qualified inmates back to Hawaii within a year of their tentative parole date/maximum date to achieve the goals and objectives of Act 8.
