4.0 POLICY

Inmates entering a correctional institution education program shall undergo an initial set of education testing and placement in an academic program based on the initial evaluation. Routine academic re-evaluation for those inmates participating in academic, and career and technical programs shall be measured against (and in accordance with) established academic and career and technical standards.

5.0 PROCEDURE

.1 Standards for Testing, Initial Evaluation and Subsequent Evaluation

a. To ensure consistency and compatibility in academic programs from one facility to another, standards for the monitoring, evaluation, and testing of inmates in education programs shall be designated by the Education Services Branch Administrator.

b. The Education Services Branch Administrator shall review these standards annually.

.2 Testing and Evaluation

a. Inmates entering an education program in either a community correctional center or a correctional facility shall undergo education testing by an education staff member using TABE.

b. If the inmate wishes to participate further in an education program that inmate is placed in an academic program according to the results of that assessment, and academic progress is monitored against the standards prescribed in TABE.

c. Receiving and Diagnostics (RAD) Unit Testing

1) Education testing of inmates entering the RAD Unit shall be done as quickly as possible, as education is only one of various assessments required to be completed prior to an inmate entering general population.

2) In the RAD Unit, sentenced felons shall be academically assessed by an education staff member within sixty (60) working days of transfer to the RAD Unit.
3) Education testing shall take place at a time and place agreed to by both facility and education staff as being appropriate to a testing environment.

4) In the event that a scheduled testing session is missed, steps shall be taken to ensure a prompt scheduling of a make-up session.

d. Community Correctional Center General Intake Education Testing

1) Inmates who enter an education program in a Community Correctional Center shall be academically assessed with materials consistent with those used by the RAD Unit, in order to facilitate academic placement and to ensure consistency in corrections education programs.

2) The inmates shall be academically assessed by an education staff member after receiving a request through regular facility channels (i.e., an approved request through facility mail or via a request from a counselor).

3) The education testing shall take place at a time and place agreed to by both facility and education staff as being appropriate to a testing environment.

e. Evaluation of Inmate Progress

1) Inmates participating in education programs shall be evaluated periodically to measure their academic progress against TABE.

3 Recording of Information

a. All the information gathered by initial education testing and subsequent evaluations shall be recorded in the SMS.
