**BACKGROUND**

**Department of Public Safety:**

The Hawaii state Department of Public Safety (PSD) oversees the state's jails and prisons as well as a sheriffs division that provides law enforcement at state facilities, including court houses and airports. The mission of PSD is to provide for the safety of the public and state facilities through law enforcement and correctional management.

The department's operating budget for fiscal year 2014 was $228.9 million, with $208.9 million from the state's general funds. It has about 2,200 employees and is made up of three divisions:

- **Administration:** Handles everything from training and staff development, personnel management, management of the operating budget, and capital improvements program budget.

- **Corrections:** Oversees the state's jails and prisons. Represents 85 percent of the department's annual operating costs.

- **Law Enforcement:** Includes the sheriffs division and narcotics enforcement division.

The department oversees four (4) jails and three (3) prisons in Hawaii that imprison roughly 6,000 of the state's citizens. That includes approximately 1,500 prisoners in mainland facilities.

- **Jails:** Hawaii Community Correctional Center, Kauai Community Correctional Center, Maui Community Correctional Center, and the Oahu Community Correctional Center.

- **Prisons:** Halawa Correctional Facility, Waiawa Correctional Facility, and the Women's Community Correctional Center. All three prisons are located on the island of Oahu.

The department submits annual reports to the Hawaii Legislature on its various programs.

**The Directory:**

The creation of this directory was influenced by an Offender Workforce Development Specialist (OWDS) Training Initiative which promoted collaboration between criminal justice agencies and community organizations to increase positive offender employment outcomes. As a result of this training, participants acquired knowledge and skills required to deliver effective workforce development services. In addition to the training, specific workgroups were created to address barriers related to offender reentry. Hence, the workgroup that laid the groundwork for this directory is called, "Pacific Resource." This directory is one of many strategies that will assist individuals in making a successful transition from prison/jail to the community. The development of this directory would not have been possible without the partnerships from the following agencies: Hawaii State Legislature, Ho'omau Ke Ola, Lanakila Pacific, TJ Mahoney's, Salvation Army ATS, Hina Mauka, U.S. District Court Probation Services, University of Hawaii Practicum Programs, and the Department of Public Safety. Therefore, we would like to thank all those involved who worked tirelessly on this effort.

WOMEN’S CLEAN & SOBER HOUSES

When looking for a clean and sober house, be sure your living arrangements will help your recovery. These are a few questions to ask:

· Cost?
· Can you meet possible roommates?
· Who is the team leader of the house?
· What are the requirements for living there (i.e. rules, chores, meetings, bible study, etc.)?

Before signing any agreements, be sure to think about all the expectations the house has for its residents, and make sure that you are confident and willing to live by their rules. Always have a backup plan for your shelter needs.

Proof of "legal presence" is required for driver's licenses and learner's permits throughout Hawaii.

You should review traffic laws and rules of the road. You should study the Hawaii Driver's Manual prior to tests. Manuals are available at local bookstores and State libraries, or [http://hawaii.gov/dot/highways/hwv-](http://hawaii.gov/dot/highways/hwv-).
