DEPARTMENT OF PUBLIC SAFETY
OFFICE OF THE DEPUTY DIRECTOR FOR CORRECTIONS
HEALTH CARE DIVISION
FUNCTIONAL STATEMENT
PRESENT

Under the general direction of the Deputy Director for Corrections, develops and maintains health care programs involving both in-house and community resources (public health, contract and volunteer) for all correctional institutions, and oversees the operation of such programs to ensure adherence to contemporary standards and fiscal responsibility, uniformity of quality of health care and integration/coordination among health care providers.

1. Develop health care plans, standards, rules and regulations, and policies relative to the provision of adequate medical, mental and dental examination, treatment and care of inmates on an in-house and out-service, scheduled and emergency basis.

2. Determine staffing, equipment, space, supply, and other requirements for health care services in correctional institutions; prepares and develops divisional budget and expenditure plans; and executes fiscal management procedures.

3. Review and evaluate health care services for compliance with directives and achievement of objectives; establishes a quality management system; develops inter-branch committees to exchange information; provides in-service education; and assists in formulating operational policies and procedures.

4. Approve outside services of a non-emergency nature and conducts the post reviews of emergency outside services.

5. Consult with local and national public and private health care providers and other agencies, and obtain support and services in order to develop and sustain adequate health care in each correctional institution.

6. Prepare reports and recommendations for administrative review and action.

7. Coordinate health-related activities with the correctional institutions, the Department of Health, University of Hawaii health sciences schools and other community health organizations.

PROGRAM SUPPORT STAFF

Under the direct supervision of the head of the Health Care Division, provides program support services to the Division.

1. Assist in formulating and preparing budget requests and expenditure planning.

2. Provide utilization review of all medical services provided in the system and in the community.

3. Provide program planning and audits of contracted facilities housing Hawaii inmates.

4. Monitor outside contracts for health care delivery.

OFFICE SERVICES STAFF

Under the direct supervision of the head of the Health Care Division, provides general clerical support services, including business management support functions to the Division.

1. Maintain controls of expenditures and encumbrances.

2. Process divisional personnel actions; coordinates and maintains inventory of divisional equipment.
3. Provide general clerical support, equipment inventory and all necessary day-to-day office services for the Division.

4. Provide procurement function for the Health Care Division.
Under the direction of the Corrections Health Care Administrator, the Medical Services Branch acts as the medical authority for the Health Care Division and develops, implements and evaluates the medical services within the Department. The Medical Services Branch provides for the delivery of medical services including screenings, assessments, diagnostic evaluations, therapy, chronic care treatment plans, communicable disease diagnoses and treatment, discharge summaries for inmates in the custody of the Department and the supervision of health care providers (physicians and physician extenders).

**HALAWA MEDICAL SERVICES SECTION**
**OAHU MEDICAL SERVICES SECTION**
**HAWAII MEDICAL SERVICE SECTION**
