| Wendell Murakawa | Approval of September 7, 2017 Meeting Minutes | • Irene to correct wording on Page 17, regarding the Strategic Plan the word I used was WILL not WON’T, in regards to making grammatical changes only.  
• Approved – all in favor |
| Wendell Murakawa | Virtual Facility Tour                      | • Since not able to do a physical tour due to safety & security issues, Toni will present a virtual.  
• Presenting via computer but you can follow along on a Smart Phone(more interactive than computers) |

### Old Business - Reconsider:

- Objective of Strategic Plan
- Role & Responsibility of Commission
- Performance Measures
- Strategic Plan Finalization – Amendments made by Tim Hansen

**Question:** Propose to Place Commission’s

- Toni Bissen to Toni Schwartz - Question what would your suggestion be to have the Strategic Plan posted to the Public Safety Website and make it interactive with public for comments.
- Toni Schwartz - Would need to work with someone to go over requirements and what is actually wanted. A page can be made. Make sure it’s in line with sunshine law.
- Jodie Maesaka-Hirata - suggested a subcommittee to work on what is being put up
- Nolan couldn’t be here so Jodie is here in his place.

- Summarize old business
- Discussion among several of the members about who the Strategic Plan is for and if it should in fact be open for public input.
- Tim was thanked for hard work.
- Amendments were accepted and will be put online for public input
- Proposal a motion that commission should post draft plan on department website leave it up for 4 weeks open for public comments and then meet again and finalize. Would like to post by February 1. But need to be done by next meeting in May.
- 4 Aye and 1 Nay
- Agreed upon -
  a. February 1<sup>st</sup> to March 1<sup>st</sup> the Strategic Plan will be posted to the Department of Public Safety’s website for public comment.
  b. March 2nd to April 1st Department of Public Safety to gather and forward all public comments to Reentry Commission.
  c. April 1 till next meeting Commission to review and summarize the comments.
  d. Commission to either make changes or finalize the Strategic Plan at the next meeting.
  e. Suggestion – Reentry Plan to be posted simultaneously with Reentry Commission Strategic Plan. – Jodie to check with the Director.

<td>A Statewide Conference – Hilo, June 2018 Status of the Commission Sunshine law – Alternative (example: Correctional Justice Task Force)</td>
</tr>
</tbody>
</table>

- June 1st for hopefully the 1st Statewide Conference that helps to develop the Going Home Consortiums across the different islands.
- Hilo was chosen since it was the 1st to have a going home consortium.
- Would the Commission or Reentry Office want to be a part of something like that?
- This would need to be brought up quickly to the Director and if we are participating work with Monica but there are a couple of questions –
  a. Do you have an agenda or itinerary for this conference?
  b. Is this being brought up for funding support or do we have logistics?
- Logistics –
  a. A place has been secured;
  b. Cost is $0, so there is not necessarily a financial need but if the department has a few $1000 then ok. The Going Home Consortium has been doing some fundraising. Biggest thing is food, but may end up where each participant may need to potluck or pay for your own lunch.
- Strategizing for the day there would be both keynotes and breakout sessions geared towards stakeholders and grassroots efforts. As well as an opportunity for the Department if they wanted to do some teaching or workshops.
specific towards Reentry. Either way it would be a great opportunity for the community stakeholders to be mingling with the Public Safety staff that are working on Reentry issues

- This is not a commission or department project it’s a grass roots project, we are inviting Public Safety and this Commission to be invited as a partner in this effort, not asking for any financial assistance.
- The Director is point of contact – he will then contact Monica Lortz
- 3 flowcharts in the packet. Were originally created back when Ted Sakai was the Director. It is in the process of being updated in depth. Reentry’s actual first contact is after sentencing.
  a. Yellow – describes how a person comes in and it tracks them all the way till they go out to parole.
  b. Green tabs is page 1 & Blue tabs is page 2 for side by side viewing – Describes the following:
     1. How HPD will make an arrest.
     2. Track the person either going through the jail system where they stay on the Green tab page or they go to the Blue tab page where they go to the prison system.
     a. For Jail individuals at all the triple C’s - Reentry process starts at the mark where OCCC Admissions - OCCC Housing -
manages Custody security and living. It’s a work in progress as some of the individuals are in there only on weekend or sometimes only a couple of weeks. Working with the Resident staff to help in finding out what kind of documents they currently have or need so they walk out the door they have something on them.

b. For the Prison individuals, the blue border, Reentry process starts at the mark where Prison Admissions (RAD) – Case Manager assess, classifies & recommends programs. We find out which identification documents the person has or does not have. From when the person is at OCCC any identification they may have will be put into their file instead of being kept with their personal belongings. The document, like the file will now follow the individual to which ever facility they go too. Upon parole or release the documents will be given to the individual.

- Reentry office is currently working on a MOA with the social security office to get replacement cards.

   a. Amy Jodar, - Education
   b. Agnes Berschauer – Volunteers
   c. Wen Mun, - Medical
   d. Dwayne – Substance Abuse

Glen was asking for a copy of all the contracts and Jodie reiterated that is not feasible.

Still waiting on specifics on what info Glen wanted but he couldn’t remember.

Maybe there should be some parameters and reasoning to requests we are making.

The purpose of the request was to have a clear representation of the Services currently happening in all of the facilities. Glen’s sense was if we see the contracts, then we’ll know that it’s working.

Don’t think we need contracts to see that.

Suggestion - maybe take the Matrix and break it up by what is actually a contract using asterisk.

Suggestion - maybe a list at next meeting alongside the Matrix?

Suggestion - Maybe a list on the Matrix.
| Wendell Murakawa | Performance Measures | • Are the Performance measures done monthly?  
• We stop providing this because you as a commission decided you didn’t want it. Let us know what you want to do.  
• Quarterly may be redundant – do you want it semiannually?  
• Recalling what is currently be requested for Performance Measures per page 10 and 11 of the purposed Strategic Plan.  
• Jodie asked to be more specific as purposed Strategic Plan is too broad.

| | a. Has housing.  
| | b. Has livable wages and/or financial support.  
| | c. Has healthy relationships.  
| | 1. prior to parole have they been going to various groups for support?  
| | 2. Have they been meeting with their family?  
| | • So if we have that numbers that should give us some sort of indicator.  
| | • The next piece of the indicator is how many fail and is pulled back in because they failed parole. Ultimately it’s going to be the recidivism rate. Those are some big indicators if we can track the movement on those, we will have a better sense on whether we are doing successful reentry as a state.

• Nolan wanted to share current stats as of January 28th –
  a. HCCC – 422
  b. Special Needs – 95
  c. HCF -981 due to ¼ of Medium Security
     Inmates that were moved to the
     mainland due to construction.
     Construction was supposed to be done
     at the end of 2017, but it wasn’t. Now
     scheduled to be completed by Dec 2018.

• Response – They are supposed to have a
  level 3, Substance abuse program which is
  residential. However with the LSI
  validating tool used for scoring. Inmates
  are coming out needing either outpatient or
  just education. There is also a trend
  nationally to move away from residential
  facilities for substance abuse treatment.
  That is being looked at. Also, there will
