Audit Findings

Audit Narrative

The auditor's description of the audit methodology should include a detailed description of the following processes during the pre-on-site audit, onsite audit, and post-audit phases: documents and files reviewed, discussions and types of interviews conducted, number of days spent on-site, and observations made during the site-review, and a detailed description of any follow-up work conducted during the post-audit phase. The narrative should describe the techniques the auditor used to sample documentation and select interviewees, and the auditor's process for the site review.

PRE-AUDIT PREPARATION

Prior to the on-site visit, a representative from the External Auditing Branch, Program Review Division, Bureau of Prisons (BOP), conducted an on-site “pre-audit” of the facility to prepare for the PREA audit. These BOP Central Office staff are extremely knowledgeable of the PREA and serves as the agency liaisons with the facilities for all PREA audits. That representative had the facility forward to the auditor all policy and supporting documentation, including the completed Pre-Audit Questionnaire, for examination prior to the on-site visit. The policy and documentation were in the form of Program Statements (PS), Institution Supplements (IS) and other forms/memos, etc. Program Statements are agency-wide governing policies developed by the Federal Bureau of Prisons (BOP) and Institution Supplements stipulate institution specific policies, when there is no agency-wide policy or when site specific policy is required to expand on agency Program Statements. The results of the “pre-audit” were discussed with the auditor prior to the beginning of the audit.

ENTRANCE BRIEFING AND TOUR (ON-SITE AUDIT)-FIRST DAY

The on-site PREA (Prison Rape Elimination Act) audit of the Federal Detention Center (FDC)-Honolulu, Honolulu, Hawaii, was conducted from March 27-29, 2018. The audit was completed by The Nakamoto Group, Inc. certified auditor William Willingham. This is the second PREA audit for this facility. An entrance meeting was held the first day of the audit to discuss any concerns regarding the audit process and finalize the facility tour and interview schedules. The following persons were in attendance: the Warden, the Associate Warden–Programs/Institution PREA Compliance Manager (IPCM), the Associate Warden–Operations, the Chief of Psychology Services, the Captain (Chief of Security), one management analyst from the BOP Central Office, one American Correctional Association auditor and several facility department heads/support staff. The FDC is considered as an administrative security facility operating a jail with a cadre of designated inmates. The facility houses both male and female inmates and no youthful inmates. After the meeting, a comprehensive tour of the FDC was completed. The tour included the intake processing area, all housing units including the Special Housing Unit (SHU), the Health Services department, Recreation, Food Service, facility support areas, Education, the Visiting Room and programming areas. The auditor observed the facility configuration, location of cameras, staff supervision of offenders, housing configurations, including shower/toilet areas, security monitoring, inmate entrance and search procedures, and inmate program participation. During the tour, it was noted that there was
sufficient staffing, security mirrors and surveillance cameras to ensure a safe environment for inmates and staff. Signs were posted in English and Spanish that indicated employees of the opposite gender were present in the housing units. Inmates were able to shower, dress and use the toilet facilities without exposing themselves to employees of the opposite gender. Informal and formal conversations with employees and inmates regarding the PREA standards were conducted. Postings regarding PREA violation reporting and the agency’s zero tolerance policy for sexual abuse and sexual harassment were prominently displayed in all housing units, meeting areas and throughout the facility. Audit notice postings with the PREA auditors’ contact information were also located in the same areas and the notices were posted in December 2017. There were no letters mailed to the auditor as a result of the audit postings. The FDC has also been accredited by the American Correctional Association.

STAFF-INMATE INTERVIEWS-SECOND DAY

A total of 18 randomly selected correctional staff were interviewed. All BOP staff at the institution are considered correctional officers and are trained as such. Correctional officers and lieutenants from all shifts were also interviewed. All were aware of the agency’s zero tolerance policy, of their responsibilities to protect inmates from sexual abuse/sexual harassment, explained their new employee and annual PREA training and of their duties as first responders as part of a coordinated response. The BOP Director, the PREA Coordinator and agency Contract Administrator had been previously interviewed (the auditor is in receipt of the completed interview questionnaires). All specialized staff were also interviewed and included the Warden, the IPCM, the Chief Psychologist, two Investigators, the Human Resource Manager, Intake staff, the SHU Lieutent and the Health Services Administrator. Two contractors, two volunteers, a Sexual Abuse Nurse Examiner (SANE) from a local hospital and a community victim advocate were also interviewed. All interviewed staff, contractors and volunteers demonstrated an understanding of the PREA and their responsibilities under this program, relative to their position in or with the organization and employment status. No staff, contractors or volunteers refused to be interviewed.

A total of twenty-nine inmates were selected to be interviewed. The interviewed inmates were of various ages, nationalities and ethnic backgrounds. The interviews (targeted inmates) included only one inmate who self-identified as being Transgender, four inmates who reported being previous victims of sexual abuse (at intake), one inmate who self-identified as being Lesbian, one who self-identified as being Gay and none who self-identified as being Bisexual or Intersex. Three limited English proficient and three disabled inmates (one with cognitive disabilities and two with physical disabilities) were also interviewed. No inmates interviewed claimed prior sexual aggression during the intake screening process, and no inmate requested therapy. The rest of the interviewed inmates were randomly selected from the housing units. There were no inmates in Protective Custody (in the SHU) for any PREA related issue. the facility does not place alleged victims or those considered high risk in the SHU. One inmate requested and was granted an interview with the auditor. Overall, all inmates interviewed demonstrated a good understanding of the PREA compliance program, the intake screening process, the prevention and protection process and reporting mechanisms (all education requirements under the PREA were met). The inmates further stated that staff were
responsive to their needs and that they felt safe at the facility. No inmates refused to be interviewed.

INVESTIGATIONS

A review of the investigative files opened during the past 12 months alleging sexual abuse or sexual harassment was conducted. During the audit period, there were a total of two allegations of sexual abuse (no open cases). The allegations reported by inmates involved inmate-on-inmate sexual abuse/harassment. One of the cases required forensic evidence collection by a SANE service provider in the community and all allegations were determined to be unsubstantiated. Both investigations were completed promptly, thoroughly and were well documented.
Facility Characteristics

The auditor’s description of the audited facility should include details about the facility type, demographics and size of the inmate, resident or detainee population, numbers and type of staff positions, configuration and layout of the facility, numbers of housing units, description of housing units including any special housing units, a description of programs and services, including food service and recreation. The auditor should describe how these details are relevant to PREA implementation and compliance.

FDC-Honolulu was activated in August of 2001 as an administrative facility with a jail operation for adult males and females. The facility also has a cadre of designated sentenced inmates. The FDC has ten general population housing units with 1-2-person secure cells and a Special Housing Unit (SHU/protective custody- only single and double occupancy cells). The SHU segregates inmates from the general population for various reasons. The facility does not house youthful offenders. At the time of the audit, the total population was 384. Currently, the institution has a number of cameras strategically placed to ensure the safety and security of both inmates and staff. No "blind spots" were discovered during the tour (staffing deployment, cameras and security mirrors were used to eliminate potential "blind spots"). The FDC offers Adult Continuing Education (ACE), HiSet (GED) test preparation and testing, Advanced Occupational Education, English as a Second Language (ESL), a Non-Residential Drug Treatment Program, recreation and counseling programs. FDC inmate work assignments include food service, facility maintenance, janitors (orderlies), landscape maintenance, various clerical duties and other facility support assignments. Inmates are occasionally involved in a variety of community service projects in the local area. Recreational programs offered include sports activities, music programs, wellness instruction and TV viewing. The FDC recreation area is inside the main building. The facility also provides a number of religious programs involving numerous faith groups. The FDC offers an excellent re-entry into society program for the cadre inmates which prepares them for release back into the community. This initiative is a directed program that focuses on inmates taking responsibility for their release planning. Through this program inmates are allowed to create resumes, participate in mock employment interviews and are given tips for handling adversity and rejection. The facility also provides court-mandated legal resource materials for inmates, including Bureau of Prisons policy, Institution Directives and federal/state law.

Summary of Audit Findings

The summary should include the number of standards exceeded, number of standards met, and number of standards not met, along with a list of each of the standards in each category. If relevant, provide a summarized description of the corrective action plan, including deficiencies observed, recommendations made, actions taken by the agency, relevant timelines, and methods used by the auditor to reassess compliance.

EXIT BRIEFING AND FINDINGS-THIRD DAY

When the on-site audit was completed, another meeting was held with the Warden and other staff to discuss audit findings. The auditor had been provided with extensive files prior to the
audit for review to support a conclusion of compliance with the PREA. While at the facility, the auditor reviewed a sufficient sampling based on the size of the facility of case records, training records, investigative reports, additional program information and documents. The facility was found to be fully compliant with the PREA. All interviews and observations also supported compliance. The facility staff were found to be cooperative and professional. Staff morale appeared to be very good and the observed staff/inmate relationships were determined to be good. All areas of the facility were observed to be clean and well maintained. At the conclusion of the audit, the auditor thanked the Warden and staff for their hard work and dedication to the PREA audit process.

The agency has appointed a psychologist assigned to the BOP Correctional Programs Division as their National PREA Coordinator. This person reports to an Assistant Director. The Warden has appointed the Associate Warden of Programs as the Institution PREA Compliance Manager (IPCM) and the Chief of Psychology Services to assist the IPCM. PS 3000.03, Human Resource Management Manual, the facility staffing report and the Workforce Utilization Committee meeting minutes address the requirements of the standard. A review of the facility staffing plan and the quarterly Salary and Workforce Utilization Committee meeting minutes for the previous 12 months confirmed that PREA issues were considered when filling positions (however, no staff were hired within the last year) and developing work rosters/assignments (all requirements under 115.13a were met). Interviews with the Warden
and Human Resource Manager confirmed the facility considers the items detailed in the standard when developing the staffing plan. The facility and the agency review the staffing plan at least quarterly. The IPCM is a member of the Salary and Workforce Utilization Committee and may provide input as to whether adjustments to the staffing plan may be required to meet PREA requirements. There have been no judicial findings of inadequacy, findings of inadequacy from federal investigative agencies or findings of inadequacy from internal or external oversight bodies relevant to this standard. All essential posts are filled each shift and no essential posts are kept open for salary savings. When programs are offered, staffing is increased to provide additional supervision. The review of Institution Duty Officer unannounced PREA rounds logs confirmed that intermediate-level or higher-level supervisors, including shift supervisors, and department heads, at a minimum, conduct and document such visits throughout the institution also at night and on the weekends. Staff are prohibited from alerting other employees regarding unannounced rounds. Interviews with inmates and housing unit officers also confirmed that random, unannounced rounds are conducted by Institution Duty Officers daily, including nights and weekends. An examination of policy, supporting documentation and all interviews confirms compliance with this standard.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)
Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and PS 5521.06, Searches of Housing Units, Inmates and Inmate Work Areas address the requirements of the standard. The facility's rated capacity exceeds 50 inmates and does house female inmates. The FDC does not permit cross-gender strip searches or cross-gender visual body cavity searches, except in exigent circumstances or when performed by medical practitioners. There were no cross-gender visual body cavity or strip searches conducted at the facility during the audit period. Officers would be required to document all cross-gender strip searches and cross-gender visual body cavity searches. Interviews with staff confirmed that they were aware of the prohibition of visual body cavity or strip searches of the inmates of the opposite sex except in exigent circumstances. Staff interviews also confirmed that male and female officers had been trained to conduct cross-gender pat searches. Inmate interviews also confirmed that inmates are not delayed or prohibited from attending regularly available programming or other opportunities in order to comply with this standard. As confirmed by observations during the tour of all housing units, inmates are permitted to shower, perform bodily functions and change clothing privately. The agency and facilities have a “knock and announce” policy and procedures requiring staff of the opposite sex to announce their presence or otherwise notify the inmates when entering an inmate housing unit. This notification is made by a recorded announcement when male and female staff members enter the housing units. Inmate interviews confirmed that male and female staff members announce their presence in this manner when entering housing units. The practice was observed during the tour of the entire FDC. An intercom announcement is also made over a loud speaker, at the beginning of each shift that notifies inmates that male and female employees are on duty in their units. Staff would not search or physically examine a Transgender or Intersex inmate for the sole purpose of determining the inmate’s genital status. Interviews with inmates, including a Transgender inmate, confirmed that they had been pat-searched by officers properly and professionally (the Transgender inmate stated she was allowed all levels of privacy required of the PREA). Interviews with staff/inmates, auditor observations and an examination of policy/supporting documentation confirm compliance with this standard.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and the Admission and Orientation (A&O) Handbook address the requirements of the standard. Through policy and practice, the facility ensures that inmates with all disabilities listed in 115.16a have an equal opportunity to participate in and benefit from all aspects of the agency’s efforts to prevent, detect and respond to sexual abuse and sexual harassment. The disabled inmates interviewed stated they were instructed about PREA compliance and felt safe from sexual abuse. All PREA related information (written information), including postings, brochures and handouts are available in English, Spanish and other languages. Staff also may read information to inmates when necessary. Translation services are available through a contracted language service for inmates who are not English proficient for any language. Communication services are also available for inmates who use sign language. The facility also employs staff who are proficient in languages other than English. The facility does not rely on inmate interpreters, inmate readers or other types of inmate assistants in the performance of first responder duties or during the investigation of an inmate’s allegations. Interviews with first responders, medical, mental health and investigative staff confirmed their
awareness of the prohibition of using inmate interpreters for PREA compliance functions. Interviews with three non-English proficient inmates and disabled confirmed the availability and use of the staff and telephonic interpretive services. Interviews with staff, other inmates and an examination of policy/supporting documentation also confirm compliance with this standard.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)
Meets Standard *(Substantial compliance; complies in all material ways with the standard for the relevant review period)*

Does Not Meet Standard *(Requires Corrective Action)*

**Instructions for Overall Compliance Determination Narrative**

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3000.03 Personnel Manual, PS 3420.11, Standards of Employee Conduct, the Pre-Employment Guide, SF85P (Questionnaire for Public Trust Positions) and a BCP recruitment document address the requirements of the standard. No personnel files were examined by the auditor as no new staff had been hired within the last year. However, relevant screening forms were examined by the auditor. All employees who have contact with inmates have had a full field background investigation in addition to finger printing and inquiry into the FBI’s National Crime Information Center (NCIC). Employee backgrounds are re-checked every five years. Contractors and volunteers who have regular contact with inmates also have criminal background checks completed prior to having contact with inmates. Volunteer and contractor background checks are repeated yearly.

The facility does not hire or promote anyone who may have contact with inmates; and does not enlist the services of any contractor who may have contact with inmates who has engaged in any type of sexual abuse/harassment (no exceptions). Employees have a duty to disclose such misconduct and material omissions regarding such misconduct would be grounds for termination. Submission of false information by any applicant is grounds for not hiring the applicant. The Human Resource Manager was interviewed and confirmed that the agency attempts to contact prior employers for information on substantiated allegations of sexual abuse or resignations which occurred during a pending investigation of sexual abuse. The Human Resource Manager also confirmed that the agency, not the FDC Human Resource Department, provides information on substantiated allegations of sexual abuse or sexual harassment involving a former employee, upon receiving a request from an employer for whom such employee has applied to work. The agency, not the FDC Human Resource Department, also notifies appropriate licensing/certifying agencies when professional staff members are terminated for substantiated allegations of sexual abuse or sexual harassment. A review of policy, personnel forms and relevant supporting documentation, including staff interviews, confirm compliance with this standard.

Auditor Overall Compliance Determination

☐ Exceeds Standard *(Substantially exceeds requirement of standards)*

☒ Meets Standard *(Substantial compliance, complies in all material ways with the standard for the relevant review period)*

☐ Does Not Meet Standard *(Requires Corrective Action)*

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, HON 5324.12A, the Guide for First Responder/Operations Lieutenant-When Approached with an Inmate Allegation of Sexual Abuse or Harassment, PS 6031.04, Patient Care, and the PREA Checklist & Instructions address the requirements of the standard.
Interviews with correctional and health services personnel confirmed that they were all knowledgeable of the required procedures for obtaining, preserving and securing physical evidence, when sexual abuse is alleged. Staff were aware that the Special Investigative Service Lieutenant (SIS), the Office of Internal Affairs (OIA), the Office of the Inspector General (OIG) or the FBI (Federal Bureau of Investigation) conducted investigations relative to sexual abuse/harassment allegations. The agency follows a uniform evidence protocol as described in the U.S. Department of Justice’s Office on Violence against Women publication, “A National Protocol for Sexual Assault Medical Forensic Examinations, Adults/Adolescents”. Victims of sexual assault are referred to health services for initial examination and treatment. Such treatment would be for life preservation only and the victim would be transported to a community hospital for examination, treatment and forensic evidence gathering by a Sexual Assault Nurse Examiner. All sexual abuse victim advocacy, examinations, treatment, testing and follow-up care are provided without cost to the victim. Facility staff members also have been trained as victim advocates. Routinely, administrative investigations are conducted by trained investigators who are full time employees of the facility. The Warden generates the referral to the outside agency (OIG, OIA or FBI). The review of training records confirmed that investigators have received investigator training offered by the BOP on the investigation of sexual abuse and harassment in confinement settings. Interviews with staff, an investigator, a SANE and a community victim advocate (Sexual Abuse Treatment Center-advocate received training to perform this service), as well as an examination of policy/supporting documentation also confirm compliance with this standard. One forensic exam was performed at a local hospital within the last year. RAINN (Rape, Abuse and Incest National Network) and JDI (Justice Detention International), national victim advocacy agencies, were contacted by the auditor. RAINN referred the auditor to the local victim advocate, and JDI had no information pertaining to the FDC.

**Standard 115.22: Policies to ensure referrals of allegations for investigations**

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.22 (a)

- Does the agency ensure an administrative or criminal investigation is completed for all allegations of sexual abuse? ☒ Yes ☐ No

- Does the agency ensure an administrative or criminal investigation is completed for all allegations of sexual harassment? ☒ Yes ☐ No

115.22 (b)

- Does the agency have a policy and practice in place to ensure that allegations of sexual abuse or sexual harassment are referred for investigation to an agency with the legal authority to conduct criminal investigations, unless the allegation does not involve potentially criminal behavior? ☒ Yes ☐ No
- Has the agency published such policy on its website or, if it does not have one, made the policy available through other means? ☒ Yes ☐ No

- Does the agency document all such referrals? ☒ Yes ☐ No

**115.22 (c)**

**115.22 (d)**

- Auditor is not required to audit this provision.

**115.22 (e)**

- Auditor is not required to audit this provision.

**Auditor Overall Compliance Determination**

- ☐ Exceeds Standard *(Substantially exceeds requirement of standards)*

- ☒ Meets Standard *(Substantial compliance; complies in all material ways with the standard for the relevant review period)*

- ☐ Does Not Meet Standard *(Requires Corrective Action)*

**Instructions for Overall Compliance Determination Narrative**

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.*

PS 5324.12 addresses the requirement of the standard. Policy requires administrative or criminal investigations to be completed on all allegations of sexual abuse/harassment. Administrative investigations are routinely assigned for completion by the Special Investigative Services Lieutenant. If, during the course of an investigation, evidence surfaces indicating criminal misconduct, the case would be initially referred to the FBI for criminal investigation. The Special Investigative Service Lieutenant was interviewed and was aware of his responsibilities in the investigative process. The FBI would conduct criminal investigations for the FDC involving inmate-on-inmate sexual abuse and the OIG would investigate staff-on-inmate criminal sexual abuse. An investigation would never be terminated due to an inmate being transferred or released or an employee leaving the agency. The FDC has an Evidence Recovery Team (ERT), which is a group of specially trained staff who would be called to a potential crime scene to preserve evidence (the entire ERT was interviewed). A review of
training documents confirmed that all investigators received instruction in conducting sexual assault investigations in confined spaces/prisons. Interviews with staff, the ERT team, the investigators and an examination of policy/supporting documentation, confirm compliance with this standard. There was no agency investigator available to be interviewed.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and HON 5324.12A address the requirements of the standard. All BOP employees are considered correctional officers (and are trained as such) and all new employees attend training locally and at the Federal Law Enforcement Training Center. This training addresses all of the topics identified in the standard. Related education is provided annually during refresher training. The review of FDC lesson plans, training files and PREA
Power Point presentations confirmed that the provided training also addressed all elements identified in the standard. Staff must acknowledge in writing their understanding of the PREA. Employees have PREA information noted on their desk computers and carry a PREA reference card. Ten staff annual training files were reviewed and contained documentation supporting compliance with this standard.

All staff interviewed indicated that they received the required PREA training initially and annually. The Warden has periodically issued memos (e-mails) to staff reminding them of and clarifying various PREA issues. General staff meetings are also held, and PREA issues are often addressed. Officers receive additional PREA training/updates when needed and officers assigned to the SHU also receive additional training. The extensive training provided and staff knowledge of PREA requirements confirmed that the FDC is compliant with this standard.

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and HON 5324.12A address the requirements of the standard. The review of volunteer and contractor PREA training sign-in forms, files and other documents by the auditor confirmed that all facility contractors and volunteers have received training related to their responsibilities concerning the PREA (zero-tolerance, detection, prevention, response, and reporting requirements) during the previous twelve months and during annual refresher instruction. Staff, contractor, and volunteer interviews confirmed that the training was provided and that they understood the agency’s zero-tolerance policy for sexual abuse and harassment and their responsibilities under the PREA. A review of the PREA contractor and volunteer training presentation further confirmed that the level of instruction is appropriate for the services provided and emphasizes the facility’s zero-tolerance and reporting policies. A review of policy/documentation, training staff, volunteer and contractor interviews and the review of the training presentation confirmed compliance to this standard.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative
The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and HON 5324.12A address the requirements of the standard. During in-processing procedures, each inmate receives an inmate handbook and a pamphlet describing the agency's PREA compliance program. The information identifies the key elements of the program and informs them of the zero-tolerance policy regarding sexual abuse and sexual assault and multiple ways to report sexual abuse/harassment. The information also informs the inmates that they will be free from retaliation for reporting an incident and that both male and female staff members routinely work in and monitor the housing units. The information is available in English, Spanish and other languages. A staff member conducts an education program regarding the PREA for all inmates within 30 days of their arrival at the facility (usually within a week of arrival). The program includes definitions of sexually abusive behavior and sexual harassment, prevention strategies and reporting modalities.

The comprehensive orientation video also explains the facilities zero-tolerance policy and covers the inmate's right to be free from sexual abuse, sexual harassment and retaliation. Inmates also have access to TRULINCS, a computer program which also provides PREA information and a reporting outlet. Inmate telephones, examined by the auditor, also provide a reporting outlet. Staff interpreters and telephonic translation services are available to inmates who are not proficient in English or are otherwise unable to communicate (deaf, blind, mentally impaired etc.). Unit staff routinely conduct "town hall" meetings (group meetings that provide information and a question/answer session) in the housing units to address issues that may include PREA discussions. Inmate interviews confirmed that they received PREA information and they were aware of numerous reporting methods to include anonymous and third party reporting, the zero-tolerance policy and their right to be free from retaliation.

The tour of the FDC confirmed that several PREA education posters were prominently displayed in all housing units, the Visiting Rooms and common/program areas. If an inmate is transferred to another facility, policy requires that this training process be repeated at the new institution. Interviews with staff and inmates, visual observations of posters/notices and an examination of policy/documentation confirm that the FDC is in compliance with this standard.

Auditor Overall Compliance Determination

- ☒ Exceeds Standard (Substantially exceeds requirement of standards)

- ☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

- ☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative
The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, the SIS/SIA Training Lesson Plan, Sexual Violence PREA Training and DOJ/OIG PREA Training address the requirements of the standard. The facility investigators, OIA, OIG and FBI investigators have received PREA specialized training through the Department of Justice (this training includes all requirements under 115.34b). The FDC also has an Evidence Recovery Team (ERT), which is a group of specially trained staff who would be called to a potential crime scene to preserve evidence. The auditor reviewed specialized training documentation to include the SIS/SIA Training Instructor Guide, the BOP Course Completion List for Investigating Sexual Abuse in a Confinement Setting training and the OIG PREA Criminal Investigator Certification Training List. Administrative investigations are conducted by trained investigators who are full time employees of the FDC. No agency investigators were available to be interviewed. When criminal investigations are indicated, they are conducted by the Federal Bureau of Investigation or the Office of the Inspector General. Interviews with staff, the SIS investigator, the ERT members and an examination of policy/documentation confirm compliance with this standard.

PS 5324.12 and HON 5324.12A address the requirements of this standard. When required, both medical and mental health providers are available for immediate call back to the FDC during off duty hours. The review of medical and mental health personnel training records confirmed that these employees (part-time, full-time and contractors) receive the same PREA training as correctional officers and have a duty to report when they have knowledge of sexual abuse/assault, even when disclosed in the course of a health care encounter. Further review of training records confirmed that all mental health and medical staff also received specialized training on victim identification, interviewing, evidence preservation, reporting and required clinical interventions. On-site medical staff are not trained to conduct forensic examinations. All cases requiring the processing of sexual assault evidence collection kits are transported to Kapi'olani Medical Center where Sexual Assault Nurse Examiners are available at all times. A
medical center SANE was interviewed and confirmed access to these services. Interviews with medical and mental health staff (4 interviews) confirmed the provision of specialized training and that they are aware of their duty to report and address allegations and suspicions of sexual abuse/harassment. A review of the training documentation and policy also confirm compliance to this standard.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☑ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.
PS 5324.12 addresses the requirement of the standard. All inmates are immediately assessed for a history of sexual abusiveness and risk of sexual victimization during in-processing procedures performed in the receiving and discharge (R&D) area in accordance with the requirements listed in 115.41d and e. Policy prohibits disciplining inmates for refusing to answer or for not disclosing complete information during the screening. If transferred to another facility, the inmate would receive an entirely new screening upon arrival. A member of the inmate’s housing unit team (case manager or counselor) screens all new arrivals within the first 72 hours of the inmate’s arrival, but this activity ordinarily occurs within a few hours on the day of arrival.

The review of screening documents by the auditor confirmed that inmates identified at high risk for sexual victimization or at risk of sexually abusing other inmates were referred to a mental health professional and all received further assessment (10 intake forms were examined by the auditor and were found to be accurate). Staff also conduct screenings by reviewing records or other information from other facilities, new referrals or for any other relevant reason (this is an on-going process). A unit team member reviews all relevant information from other facilities and continues to reassess an inmate’s risk level within 30 days of his or her arrival. Intake staff (who screen for abusiveness and victimization) and inmate interviews, a review of policy/documentation and observations of the intake process confirmed compliance with this standard. Information received during the screening process is confidential and only available to staff with a need-to-know and never to other inmates.

- When deciding whether to assign a transgender or intersex inmate to a facility for male or female inmates, does the agency consider on a case-by-case basis whether a placement would ensure the inmate’s health and safety, and whether a placement would present management or security problems (NOTE: if an agency by policy or practice assigns inmates to a male or female facility on the basis of anatomy alone, that agency is not in compliance with this standard)? ☑ Yes ☐ No

- When making housing or other program assignments for transgender or intersex inmates, does the agency consider on a case-by-case basis whether a placement would ensure the inmate’s health and safety, and whether a placement would present management or security problems? ☑ Yes ☐ No

**Auditor Overall Compliance Determination**

☐ Exceeds Standard *(Substantially exceeds requirement of standards)*

☑ Meets Standard *(Substantial compliance; complies in all material ways with the standard for the relevant review period)*

☐ Does Not Meet Standard *(Requires Corrective Action)*

**Instructions for Overall Compliance Determination Narrative**

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. Risk screening information is used to determine housing, bed, work, education and program assignments, with the goal of keeping separate those inmates at high risk of being sexually victimized from those at high risk of being sexually abusive. Determinations for these assignments are made on a case-by-case basis. Staff members assigned to conduct intake screening have been provided additional training and resource materials. The agency (through a committee) decides whether to assign a Transgender or Intersex inmate to a facility for male or female inmates. The BOP has no dedicated facilities for Transgender or Intersex inmates. The facility determines other housing and programming assignments for Transgender or Intersex inmates on a careful case-by-case basis, to include whether a placement would ensure the inmate's health and safety and whether the placement would present management or security problems. Placement and programming assignments for each Transgender or Intersex inmate are reassessed at least once every six months. Policy states that a Transgender or Intersex inmate's own views with respect to his own safety is given serious consideration when making these assignments (the interviewed Transgender inmate confirmed that this input did occur). Transgender and Intersex inmates are given the opportunity to shower, dress and use toilet facilities separately from other inmates. An interview with one self-identified Transgender inmate also confirmed that the inmate was able to shower privately, is afforded other significant privacy and that they felt safe at the facility.
Medical and mental health personnel meet on a regular basis to assess the status of any inmate thought to be at risk for abuse or are exhibiting adjustment problems. The interview with the agency’s PREA Coordinator confirmed that a Transgender inmate’s genital status is not the sole criteria for placement in a specific facility. Interviews with staff and inmates (including the Transgender inmate—the facility had no Intersex inmates), observations of housing assignments and unit activities, as well as an examination of documentation/policy, confirm that the FDC is in compliance with this standard.

**Standard 115.43: Protective Custody**

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

**115.43 (a)**

- Does the facility always refrain from placing inmates at high risk for sexual victimization in involuntary segregated housing unless an assessment of all available alternatives has been made, and a determination has been made that there is no available alternative means of separation from likely abusers? ☒ Yes ☐ No

**115.43 (b)**

- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Programs to the extent possible? ☒ Yes ☐ No

- Do inmates who are placed in segregated housing because they are at high risk of sexual victimization have access to: Privileges to the extent possible? ☒ Yes ☐ No

- If the facility restricts access to programs, privileges, education, or work opportunities, does the facility document: The reasons for such limitations? ☒ Yes ☐ No

**115.43 (c)**

Auditor Overall Compliance Determination

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. The FDC’s Special Housing Unit (SHU) houses both administrative and disciplinary cases, including protective custody. Policy states inmates at high risk for sexual victimization shall not be placed in involuntary SHU status unless an assessment of all available alternatives has been made and there is no available means of separating the inmate from the abuser. There were no inmates placed in this status within the last year. In practice, victims would almost never be placed in involuntary protective custody. The inmates would be reassessed by a committee every 7 days after entering the SHU. If protection is necessary for an inmate, they may be transferred to another
housing unit. Interviews with SHU officers and a SHU lieutenant confirmed, that to the extent possible, access to programs, privileges, education and work opportunities would not limited to inmates placed in the SHU for the purposes of protective custody, except when there are safety or security concerns. The facility would document the reasons for restricting access and the length of time the restriction would last. Mental health and unit staff meet with each inmate in SHU status at least once each week. A Safeguarding of Inmates Alleging Sexual Abuse/Assault Allegation form is completed when considering all appropriate alternatives for safeguarding alleged inmate victims. Interviews with staff (including SHU assigned staff), an examination of SHU operations and an examination of policy/documentation confirm compliance with this standard.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, HON 5324.12A, the Admission and Orientation (A&O) Handbook and PREA postings address the requirements of the standard. A review of documentation indicated that there are multiple ways (including verbally, in writing, privately, from a third party and anonymously) for inmates and staff to report sexual abuse or sexual harassment. Inmates are informed about the reporting methods through the A&O Handbook, postings in the housing units and common areas and as part of the initial orientation process. Inmates also have access to TRULINCS, a computer system which also provides PREA information and a reporting outlet. Through TRULINCS, the inmate can contact the Office of the Inspector General anonymously and the email is untraceable at the institution level. During the tour of the facility, a number of TRULINCS computers were observed in each housing unit. Inmate dedicated telephones were observed in each unit that could be also used as a reporting outlet (the auditor observed these phones in use). The tour of the facility also confirmed that there were numerous posters on display explaining the reporting procedures. Staff members accept reports made verbally, in writing, anonymously and from third parties and promptly document any form of reporting. Staff members are required to immediately document any allegation. Family and friends of inmates may report sexual abuse/harassment by using the BOP website, making a phone call to the OIG or by contacting facility staff. All inmates interviewed confirmed that they were aware of the multiple methods of reporting sexual abuse/assault allegations. Some detainees at the FDC are detained solely for civil immigration purposes and
ICE staff are assigned to the facility to address PREA issues if necessary. Interviews with staff, inmates, observations of posters and other reporting methods and an examination of policy/documentation confirm compliance with this standard.

**Standard 115.52: Exhaustion of administrative remedies**

**All Yes/No Questions Must Be Answered by the Auditor to Complete the Report**

**115.52 (a)**

- Is the agency exempt from this standard? NOTE: The agency is exempt ONLY if it does not have administrative procedures to address inmate grievances regarding sexual abuse. This means that as a matter of explicit policy, the agency does not have an administrative remedies process to address sexual abuse. ☒ Yes □ No □ NA

**115.52 (b)**

**115.52 (d)**

- Does the agency issue a final agency decision on the merits of any portion of a grievance alleging sexual abuse within 90 days of the initial filing of the grievance? - If the agency claims the maximum allowable extension of time to respond of up to 70 days per 115.52(d)(3) when the normal time period for response is insufficient to make an appropriate decision, does the agency notify the inmate in writing of any such extension and provide a date
by which a decision will be made? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA

- At any level of the administrative process, including the final level, if the inmate does not receive a response within the time allotted for reply, including any properly noticed extension, may an inmate consider the absence of a response to be a denial at that level? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA

115.52 (e)

- Are third parties, including fellow inmates, staff members, family members, attorneys, and outside advocates, permitted to assist inmates in filing requests for administrative remedies relating to allegations of sexual abuse? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA

- Are those third parties also permitted to file such requests on behalf of inmates? (If a third-party files such a request on behalf of an inmate, the facility may require as a condition of processing the request that the alleged victim agree to have the request filed on his or her behalf, and may also require the alleged victim to personally pursue any subsequent steps in the administrative remedy process.) (N/A if agency is exempt from this standard.). ☒ Yes ☐ No ☐ NA

- After receiving an emergency grievance described above, does the agency provide an initial response within 48 hours? (N/A if agency is exempt from this standard.) ☒ Yes ☐ No ☐ NA

Auditor Overall Compliance Determination

□ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

□ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 1330.17, Administrative Remedy, addresses the requirement of the standard. This policy requires that all PREA grievances be processed in accordance with 115.52a-f. However, grievances (administrative remedies) filed alleging sexual abuse/harassment would result in the immediate opening of a formal investigation. Policy states that there is no time frame for filing a grievance relating to sexual abuse or harassment and does not require an inmate to use any informal grievance process before filing an allegation involving sexual abuse/harassment.

Allegations of physical abuse by staff shall be referred to the Office of Internal Affairs (OIA), in accordance with procedures established for such referrals. Policy addresses the filing of emergency administrative remedy requests. If an inmate files the emergency grievance with the institution and believes they are under a substantial risk of imminent sexual abuse, an expedited response is required to be provided within 48 hours. Best efforts are made to provide Regional Office and Central Office expedited appeal responses within five calendar days. If an inmate reasonably believes the issue is sensitive and the inmate’s safety or well-being would be placed in danger, the inmate may submit the remedy directly to the appropriate Regional Office. There is no prohibition that limits third parties, including other inmates, staff members, family members, attorneys and outside victim advocates, in assisting inmates in
filing requests for grievances relating to allegations of sexual abuse or filing such requests on behalf of inmates. There were no grievances alleging sexual abuse/harassment filed within the last twelve months. Interviews with staff (including the Grievance Coordinator) and inmates and an examination of supporting policy/documentation confirm compliance with this standard.

Standard 115.53: Inmate access to outside confidential support services

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.53 (a)

- Does the facility provide persons detained solely for civil immigration purposes mailing addresses and telephone numbers, including toll-free hotline numbers where available of local, State, or national immigrant services agencies? ☒ Yes  ☐ No

- Does the facility enable reasonable communication between inmates and these organizations and agencies, in as confidential a manner as possible? ☒ Yes  ☐ No

115.53 (b)

- Does the facility inform inmates, prior to giving them access, of the extent to which such communications will be monitored and the extent to which reports of abuse will be forwarded to authorities in accordance with mandatory reporting laws? ☒ Yes  ☐ No

115.53 (c)

- Does the agency maintain or attempt to enter into memoranda of understanding or other agreements with community service providers that are able to provide inmates with confidential emotional support services related to sexual abuse? ☒ Yes  ☐ No

- Does the agency maintain copies of agreements or documentation showing attempts to enter into such agreements? ☒ Yes  ☐ No

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. Although the FDC does house inmates who have immigration detainers, inmates placed in this facility have direct access to ICE staff assigned to the facility. The FDC has entered into an agreement with a local victim advocate organization to provide emotional support services related to sexual abuse (confirmed through a telephone interview with a victim advocate from that agency). FDC staff also have been trained as victim advocates. Inmates are informed as part of their orientation process that all telephone calls (except properly placed legal calls) are subject to monitoring and recording and that all mail, except for legal mail, is subject to monitoring as well. Inmates are informed that emails to the Office of the Inspector General through TRULINCS - Request to Staff tab and selecting the Department Mailbox titled DOJ Sexual Abuse are not monitored by the FDC or BOP. Postings in the housing units and common areas, the PREA pamphlet issued upon the inmate’s arrival and the A&O Handbook provide the address to the OIG and explain that inmates may confidentially submit written allegations of sexual abuse/harassment to this entity. The facility enables reasonable communication between inmates and these organizations and agencies in as confidential a manner as possible. Interviews with staff, inmates, an examination of postings in the housing unit with contact information to the victim advocate, an interview with the local victim advocate and an examination of policy/documentation confirm compliance with this standard.

Standard 115.54: Third-party reporting

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.54 (a)

- Has the agency established a method to receive third-party reports of sexual abuse and sexual harassment? ☒ Yes ☐ No

- Has the agency distributed publicly information on how to report sexual abuse and sexual harassment on behalf of an inmate? ☒ Yes ☐ No

The BOP pamphlet "Sexually Abusive Behavior Prevention and Intervention", the Admission
and Orientation Handbook, PREA posters throughout the facility, the posted Office of the
Inspector General address and the BOP website:
https://www.bop.gov/inmates/custody_and_care/sexual_abuse_prevention.jsp address the
requirements of the standard. The website and posted notices (inside the facility, in the
housing units, and in the visiting rooms), observed by the auditor, assist third party reporters
on how to report allegations of sexual abuse/harassment. Interviews with staff and inmates
also confirmed that they were aware that anonymous and third-party reporting procedures
were available.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☑ Meets Standard (Substantial compliance: complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, HON 5324.12A and PS 3420.11 address the requirements of the standard. All staff, contractors and volunteers are required to report any information regarding sexual abuse or sexual harassment or any staff neglect, action or violation that may contribute to an incident or an act of retaliation. The reporting is ordinarily made to the shift operation’s lieutenant, but could be made privately or to a third party (FBI, OIG or OIA). All third-party notifications would result in the opening of a formal investigation. Policy requires the information concerning the
identity of the alleged inmate victim and the specific facts of the case to be shared with staff who need-to-know because of their involvement with the victim's welfare and/or the investigation of the incident. Interviews with employees, contractors and volunteers confirmed they were aware of their reporting duties. Additional compliance with all aspects of the standard was verified through document and policy review. The facility does not house inmates under the age of 18.

Standard 115.62: Agency protection duties

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.62 (a)

- When the agency learns that an inmate is subject to a substantial risk of imminent sexual abuse, does it take immediate action to protect the inmate? ☑ Yes ☐ No

Auditor Overall Compliance Determination

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. Staff interviews, including employees who would normally be first responders, confirmed they were knowledgeable of their responsibilities when they become aware or suspect that an inmate is being or has been sexually abused or sexually harassed. All staff indicated they would act immediately to protect the inmate by separating and protecting the victim from the abuser, isolating the area (as a potential crime scene to preserve evidence) where the act allegedly occurred and would call the shift operations lieutenant for assistance. When notified, the interviewed shift operations lieutenants (when interviewed) stated they would further protect the victim, notify medical and mental health staff and advise the Institution Duty Officer. In the past 12 months, there were no instances in which the FDC staff determined that an inmate was subject to substantial risk of imminent sexual abuse. Interviews with other staff and an examination of policy/documentation confirm compliance with this standard.
Standard 115.63: Reporting to other confinement facilities

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

- Upon receiving an allegation that an inmate was sexually abused while confined at another facility, does the head of the facility that received the allegation notify the head of the facility or appropriate office of the agency where the alleged abuse occurred? ☒ Yes □ No

- Is such notification provided as soon as possible, but no later than 72 hours after receiving the allegation? ☒ Yes □ No

115.63(c)

- Does the agency document that it has provided such notification? ☒ Yes □ No

115.63(d)

□ Does Not Meet Standard *(Requires Corrective Action)*

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. Policy requires the reporting of any PREA related allegation by an inmate that occurred at another facility to the Warden (or equivalent person) of the facility where the incident is alleged to have occurred, by the Warden (or equivalent person) of the facility in which the inmate is currently housed. When the inmate reports sexual abuse/harassment from state, non-Bureau privatized facilities, jails, juvenile facilities and Residential Reentry Centers (half-way houses), the Warden contacts the
appropriate office of the facility and/or notifies the Residential Reentry Management Branch of the BOP if appropriate. The notification is to occur as soon as possible, but always within 72 hours of receiving the allegation. Policy also requires that an investigation be initiated. During the audit period, there were no inmates who alleged that they were sexually abused or sexually harassed at another facility (none were received from another facility alleging abuse at the FDC). Interviews with staff and an examination of policy/documentation also confirm compliance with this standard.

**Standard 115.64: Staff first responder duties**

**All Yes/No Questions Must Be Answered by the Auditor to Complete the Report**

115.64 (a)

- Upon learning of an allegation that an inmate was sexually abused, is the first security staff member to respond to the report required to: Separate the alleged victim and abuser? ☒ Yes □ No

- Upon learning of an allegation that an inmate was sexually abused, is the first security staff member to respond to the report required to: Preserve and protect any crime scene until appropriate steps can be taken to collect any evidence? ☒ Yes □ No

- Upon learning of an allegation that an inmate was sexually abused, is the first security staff member to respond to the report required to: Request that the alleged victim not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating, if the abuse occurred within a time period that still allows for the collection of physical evidence? ☒ Yes □ No

- Upon learning of an allegation that an inmate was sexually abused, is the first security staff member to respond to the report required to: Ensure that the alleged abuser does not take any actions that could destroy physical evidence, including, as appropriate, washing, brushing teeth, changing clothes, urinating, defecating, smoking, drinking, or eating, if the abuse occurred within a time period that still allows for the collection of physical evidence? ☒ Yes □ No

115.64 (b)

- If the first staff responder is not a security staff member, is the responder required to request that the alleged victim not take any actions that could destroy physical evidence, and then notify security staff? ☒ Yes □ No

**Auditor Overall Compliance Determination**

This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and HON 5324.12A address the requirements of the standard. All staff members interviewed were knowledgeable concerning their first responder required actions, when learning of an allegation of sexual abuse/harassment (all BOP staff are considered correctional officers first and are trained as first responders). Interviewed staff had in their possession an embossed card outlining first responder duties. All staff indicated they would separate the inmates, protect the victim, secure the area as a crime scene, not allow inmates to destroy any evidence and contact the shift lieutenant. All requirements under 115.64a would be met. The shift lieutenant would continue to protect the inmate and notify medical, mental health, the ERT and administrative/executive staff. Within the last year, there were three instances requiring a staff member to act as a first responder to an allegation of sexual abuse/harassment. Interviews with staff and an examination of policy/documentation confirm compliance with this standard.

Standard 115.65: Coordinated response

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.65 (a)

- Has the facility developed a written institutional plan to coordinate actions among staff first responders, medical and mental health practitioners, investigators, and facility leadership taken in response to an incident of sexual abuse? ☒ Yes ☐ No

Auditor Overall Compliance Determination

These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 and HON 5324.12 address the requirements of the standard. Several documents (such as the PREA card provided to all staff-interviewed staff had the card in their possession) provide guidance to employees regarding the expected coordinated actions to take place in response to an incident of sexual abuse/harassment. Lieutenants (shift supervisors) use a PREA checklist to aid in their response to allegations of sexual abuse/harassment. The policies and information provide direction to security staff, medical/mental health practitioners, investigators, community victim advocates, community service providers (SANE) and facility leadership. Staff and community service provider interviews confirmed that they were knowledgeable regarding their responsibilities in the coordinated response. An examination of policy/documentation also confirms compliance with this standard.

**Standard 115.66: Preservation of ability to protect inmates from contact with abusers**

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.66 (a)

- Are both the agency and any other governmental entities responsible for collective bargaining on the agency’s behalf prohibited from entering into or renewing any collective bargaining agreement or other agreement that limits the agency’s ability to remove alleged staff sexual abusers from contact with any inmates pending the outcome of an investigation or of a determination of whether and to what extent discipline is warranted? ☒ Yes ☐ No

115.66 (b)

- Auditor is not required to audit this provision.

The Collective Bargaining Agreement (CBA), examined by the auditor, between the Federal Bureau of Prisons and Council of Prison Locals, American Federation of Government Employees, dated July 21, 2014-July 20, 2017, complies with this standard. The agreement does not limit the agency's ability to remove alleged staff sexual abusers from contact with any inmates pending the outcome of an investigation or of a determination of whether and to what extent discipline is warranted. The auditor was advised that the CBA is currently being renegotiated and will contain the required language in its final form.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)
Does Not Meet Standard *(Requires Corrective Action)*

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of this standard. Policy prohibits any type of retaliation against any staff member or inmate who has reported sexual abuse, sexual harassment or cooperated in any related investigation. The Associate Warden-Programs (AWP) is the designated Retaliation Monitor. When interviewed, she stated she would document and follow up on all potential cases to ensure policy is being enforced and conduct periodic status checks on the frequency of incident reports, housing reassignments, program changes, any negative consequences for reporting abuse and negative performance reviews/staff job reassignments (all steps required of 115.67c). If there was a concern that there was the potential for possible retaliation, the AWP indicated she would monitor the situation indefinitely. There have been no suspected or actual incidents of retaliation in the previous 12 months. Compliance with this standard was determined by a review of policy/documentation (including the Retaliation Log) and an interview with the AWP.

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.68 (a)

- Is any and all use of segregated housing to protect an inmate who is alleged to have suffered sexual abuse subject to the requirements of § 115.43? ☒ Yes ☐ No

Auditor Overall Compliance Determination

☐ Exceeds Standard *(Substantially exceeds requirement of standards)*

☒ Meets Standard *(Substantial compliance; complies in all material ways with the standard for the relevant review period)*

☐ Does Not Meet Standard *(Requires Corrective Action)*

Instructions for Overall Compliance Determination Narrative
The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. Policy requires staff to assess and consider all appropriate alternatives for safeguarding alleged inmate victims of sexual abuse/harassment. The requirements listed in 115.43 would be enforced. Staff must first consider other alternatives based on the circumstances of the allegation before considering the placement of an inmate in protective custody (SHU), placing him or her in another housing unit or transferring the inmate to another facility. To aid in that decision, policy requires the facility to complete the BOP’s Safeguarding of Inmates Alleging Sexual Abuse/Assault Allegation form. The form serves to document consideration of all options. Interviews with staff and the tour of the facility confirmed that there are usually viable alternatives to placing victims of sexual abuse/harassment in involuntary segregated housing (SHU). In practice, inmates would almost never be placed in this status, but would be transferred to another housing unit. To the extent possible, access to programs, privileges, education and work opportunities would not be limited to inmates placed in a SHU for the purposes of protective custody. The reasons would be documented for restricting access and the length of time the restrictions would last. There were no inmates placed in post-allegation protective custody status within the last twelve months. Compliance with this standard was determined by a review of policy and documentation, as well as a tour of the FDC (including the SHU) and staff interviews.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. The institution's investigator (SIS Lieutenant) may conduct administrative investigations within the facility and was interviewed by the auditor. When an allegation appears to be criminal in nature, the SIS Lieutenant, in conjunction with the BOP's Office of Internal Affairs and the facility Warden, will refer the incident to the FBI for a criminal investigation, if the investigation involves an inmate-on-inmate allegation. Staff-on-inmate criminal investigations are conducted by the Office of the Inspector General. The FBI or the OIG investigator consults with the Assistant U.S. Attorney when necessary. If the FBI or the OIG substantiates the allegation, the case is referred to the local United States Attorney for possible prosecution. Although there were two allegations of inmate-on-inmate sexual abuse investigated over the previous 12 months, there were no
referrals for criminal investigations. The credibility of an alleged victim, suspect or witness is assessed on an individual basis and is not determined by the person's status as inmate or staff. The agency does not require an inmate who alleges sexual abuse to submit to a polygraph examination or other truth assessment device as a condition for proceeding with the investigation of such an allegation. The review of two case files of inmates alleging sexual abuse/harassment revealed that both investigations were completed promptly, thoroughly and in compliance with BOP and PREA required policy. No cases were still open at the time of the audit. Compliance with this standard was determined by a review of policy/documentation, the examination of two investigations and staff interviews which included the Special Investigative Service Lieutenant.

**Standard 115.72: Evidentiary standard for administrative investigations**

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.72 (a)

- Is it true that the agency does not impose a standard higher than a preponderance of the evidence in determining whether allegations of sexual abuse or sexual harassment are substantiated? ☑ Yes ☐ No

**Auditor Overall Compliance Determination**

☐ Exceeds Standard *(Substantially exceeds requirement of standards)*

☒ Meets Standard *(Substantial compliance; complies in all material ways with the standard for the relevant review period)*

☐ Does Not Meet Standard *(Requires Corrective Action)*

**Instructions for Overall Compliance Determination Narrative**

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. The evidence standard is a "preponderance of the evidence" in determining whether allegations of sexual abuse or sexual harassment are substantiated. The investigators were aware of the evidence standard. The evidence standard was utilized in the two investigations reviewed by the auditor.

**Standard 115.73: Reporting to inmates**

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report
115.73 (a)

115.73 (b)

- If the agency did not conduct the investigation into an inmate’s allegation of sexual abuse in an agency facility, does the agency request the relevant information from the investigative agency in order to inform the inmate? (N/A if the agency/facility is responsible for conducting administrative and criminal investigations.) ☒ Yes  ☐ No  ☐ NA

115.73 (c)

Auditor Overall Compliance Determination

☒ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirement of the standard. The facility only conducts administrative investigations. There were two completed investigations of sexual abuse/harassment over the previous 12 months (both inmates alleging victimization had been released and were not available to be interviewed). A review of documentation confirmed that in all instances, the inmates were informed in writing regarding the results of each investigation (both were unsubstantiated). When the allegation involves staff, policy requires the inmate would be informed if the staff member is no longer posted within their housing unit, is no longer employed at the FDC, if the staff member was indicted on a charge related to sexual abuse within the facility or the agency learned that the staff member was convicted on a charge related to sexual abuse. These findings would also be communicated to the inmate if the investigation was completed by an outside agency (FBI, OIG or OIA). Compliance with this standard was determined by a review of policy, an examination of the written notices and staff interviews.

DISCIPLINE

Standard 115.76: Disciplinary sanctions for staff

115.76 (a)

- Are staff subject to disciplinary sanctions up to and including termination for violating agency sexual abuse or sexual harassment policies? ☑ Yes  ☐ No

115.76 (b)

- Is termination the presumptive disciplinary sanction for staff who have engaged in sexual abuse? ☑ Yes  ☐ No

115.76 (c)

- Are disciplinary sanctions for violations of agency policies relating to sexual abuse or sexual harassment (other than actually engaging in sexual abuse) commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history, and the sanctions imposed for comparable offenses by other staff with similar histories? ☑ Yes  ☐ No

115.76 (d)

- Are all terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff who would have been terminated if not for their resignation, reported to: Law enforcement agencies (unless the activity was clearly not criminal)? ☑ Yes  ☐ No

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3420.11 and PS 5324.12 address the requirements of the standard. Staff are subject to disciplinary sanctions for violating agency sexual abuse or sexual harassment policies. Discipline would be commensurate with the nature and circumstances of the acts committed, the staff member's disciplinary history and the sanctions imposed for comparable offenses by
other staff with similar histories. There have been no substantiated cases of inmates engaging in sex with staff in the last twelve months. The Collective Bargaining Agreement (examined by auditor) between the Federal Bureau of Prisons and Council of Prison Locals, American Federation of Government Employees, dated July 21, 2014-July 20, 2017, allows for disciplinary sanctions against staff, including termination, for the sexual abuse or sexual harassment of an inmate. All terminations for violations of agency sexual abuse or sexual harassment policies, or resignations by staff that would have been terminated if not for their resignation, may be reported to any law enforcement or relevant professional/certifying/licensing agencies by the agency, unless the activity was clearly not criminal. Compliance with this standard was determined by a review of policy/documentation and staff interviews, including the Human Resources Manager.

**Standard 115.77: Corrective action for contractors and volunteers**

**All Yes/No Questions Must Be Answered by the Auditor to Complete the Report**

115.77 (a)

- Is any contractor or volunteer who engages in sexual abuse prohibited from contact with inmates? ☒ Yes ☐ No

- Is any contractor or volunteer who engages in sexual abuse reported to: Law enforcement agencies (unless the activity was clearly not criminal)? ☒ Yes ☐ No

- Is any contractor or volunteer who engages in sexual abuse reported to: Relevant licensing bodies? ☒ Yes ☐ No

115.77 (b)

- In the case of any other violation of agency sexual abuse or sexual harassment policies by a contractor or volunteer, does the facility take appropriate remedial measures, and consider whether to prohibit further contact with inmates? ☒ Yes ☐ No

**Auditor Overall Compliance Determination**

- ☐ Exceeds Standard (*Substantially exceeds requirement of standards*)
- ☒ Meets Standard (*Substantial compliance; complies in all material ways with the standard for the relevant review period*)
- ☐ Does Not Meet Standard (*Requires Corrective Action*)

**Instructions for Overall Compliance Determination Narrative**

*The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's...*
conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 3420.11 and PS 5324.12 address the requirements of the standard. Any contractor or volunteer who engages in sexual abuse/harassment would be prohibited from contact with inmates and would be reported to the appropriate investigator and law enforcement or relevant professional/licensing/certifying bodies, unless the activity was clearly not criminal in nature. In cases that were not criminal in nature, the FDC would take appropriate remedial measures and consider whether to prohibit further contact with inmates. During the previous year, there were no incidents where a contractor or volunteer was accused or found guilty of sexual abuse or sexual harassment at the FDC. Compliance with this standard was determined by a review of policy, volunteer/contractor training files, volunteer/contractor interviews and staff interviews.

Standard 115.78: Disciplinary sanctions for inmates

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.78 (a)
- Following an administrative finding that an inmate engaged in inmate-on-inmate sexual abuse, or following a criminal finding of guilt for inmate-on-inmate sexual abuse, are inmates subject to disciplinary sanctions pursuant to a formal disciplinary process? ☒ Yes  ☐ No

115.78 (b)
- Are sanctions commensurate with the nature and circumstances of the abuse committed, the inmate’s disciplinary history, and the sanctions imposed for comparable offenses by other inmates with similar histories? ☒ Yes  ☐ No

115.78 (c)
- When determining what types of sanction, if any, should be imposed, does the disciplinary process consider whether an inmate’s mental disabilities or mental illness contributed to his or her behavior? ☒ Yes  ☐ No

115.78 (d)
- If the facility offers therapy, counseling, or other interventions designed to address and correct underlying reasons or motivations for the abuse, does the facility consider whether to require the offending inmate to participate in such interventions as a condition of access to programming and other benefits? ☒ Yes  ☐ No

115.78 (e)
- Does the agency discipline an inmate for sexual contact with staff only upon a finding that the staff member did not consent to such contact? ☒ Yes  ☐ No
115.78 (f)

- For the purpose of disciplinary action does a report of sexual abuse made in good faith based upon a reasonable belief that the alleged conduct occurred NOT constitute falsely reporting an incident or lying, even if an investigation does not establish evidence sufficient to substantiate the allegation? ☒ Yes ☐ No

115.78 (g)

- Does the agency always refrain from considering non-coercive sexual activity between inmates to be sexual abuse? (N/A if the agency does not prohibit all sexual activity between inmates.)
  ☒ Yes ☐ No ☐ NA

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5270.09, Inmate Discipline Program and PS 5324.12 address the requirements of the standard. The Inmate Discipline Program defines sexual assault of any person, involving non-consensual touching by force or threat of force, as the greatest severity level prohibited act. The program identifies inmates engaging in sexual acts and making sexual proposals or threats to another as a high severity level prohibited act. Consensual sex or sexual harassment of any nature is prohibited and will result in discipline. Consensual sex between inmates does not constitute sexual abuse. Sanctions are commensurate with the nature and circumstances of the abuse committed, along with the inmate's disciplinary history and the sanctions imposed for comparable offenses by other inmates with similar histories. Inmates are subject to disciplinary sanctions pursuant to the formal disciplinary process defined in the Inmate Discipline Program. The FDC does not discipline inmates who make an allegation in good faith, even if an investigation does not establish evidence sufficient to substantiate the allegation. Interviews with the investigator confirmed compliance with this standard. The disciplinary process considers whether an inmate’s mental disabilities or mental illness contributed to the inmate’s behavior when determining what type of sanction, if any, should be imposed. If mental disabilities or mental illness is a factor, the FDC considers the offer of
therapy, counseling or other interventions designed to address and correct underlying reasons or motivations for the abuse. Compliance with this standard was determined by a review of policy/documentation, a review of the inmate discipline process and staff interviews.

MEDICAL AND MENTAL CARE

Standard 115.81: Medical and mental health screenings; history of sexual abuse

All Yes/No Questions Must Be Answered by the Auditor to Complete the Report

115.81 (a)

- If the screening pursuant to § 115.41 indicates that a prison inmate has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, do staff ensure that the inmate is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening? ☑ Yes ☐ No

115.81 (b)

- If the screening pursuant to § 115.41 indicates that a prison inmate has previously perpetrated sexual abuse, whether it occurred in an institutional setting or in the community, do staff ensure that the inmate is offered a follow-up meeting with a mental health practitioner within 14 days of the intake screening? (N/A if the facility is not a prison.) ☑ Yes ☐ No ☐ NA

115.81 (c)

- If the screening pursuant to § 115.41 indicates that a jail inmate has experienced prior sexual victimization, whether it occurred in an institutional setting or in the community, do staff ensure that the inmate is offered a follow-up meeting with a medical or mental health practitioner within 14 days of the intake screening? ☑ Yes ☐ No

115.81 (d)

115.81 (e)

- Do medical and mental health practitioners obtain informed consent from inmates before reporting information about prior sexual victimization that did not occur in an institutional setting, unless the inmate is under the age of 18? ☑ Yes ☐ No
Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☒ Meets Standard (Substantial compliance: complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12 addresses the requirements of the standard. Interviews with medical, mental health and specialized staff confirm the facility has a comprehensive system for collecting medical and mental health information relevant to the PREA and has the capacity to provide continued reassessment and follow-up services. The review of completed psychology's "Risk of Sexual Victimization" and "Risk of Sexual Abusiveness" forms confirmed that inmates who disclosed prior victimization during screening were offered a follow-up meeting with medical or mental health staff within fourteen days. The meeting is usually completed on the same day as intake or within three days. Treatment services are offered without financial cost to the inmate. As confirmed by observation and a review of intake screening documents, screening for prior sexual victimization in any setting is conducted by unit team staff during in-processing procedures. In-processing procedures also screen for previous sexually assaultive behavior in an institutional setting or in the community. When indicated, staff ensure that the inmate is offered a follow-up meeting with a mental health practitioner within fourteen days of the intake screening. Information related to sexual victimization or abusiveness is limited to medical and mental health practitioners and other staff with a need-to-know for treatment plans, security, housing, work, program assignments and management decisions. Signed and dated informed consents are obtained from inmates before reporting prior sexual victimization that did not occur in an institutional setting. The FDC does not house inmates under the age of 18. Compliance with this standard was determined by a review of policy/documentation, observation of the intake screening process and staff interviews (psychology and intake screening staff).

  ☒ Yes  ☐ No

Auditor Overall Compliance Determination

☐ Exceeds Standard *(Substantially exceeds requirement of standards)*

☒ Meets Standard *(Substantial compliance; complies in all material ways with the standard for the relevant review period)*

☐ Does Not Meet Standard *(Requires Corrective Action)*

Instructions for Overall Compliance Determination Narrative

These recommendations must be included in the Final Report, accompanied by information on specific corrective actions taken by the facility.

PS 5324.12, HON 5324.12A and PS 6031.04 address the requirements of the standard. Medical personnel are on duty 16 hours a day, seven days a week and are available for consultation or call-back at off hours. Mental health providers are on-site five days per week and are also available for call-back at off hours. Inmate victims of sexual abuse receive timely, unimpeded access to emergency medical/mental health treatment and crisis intervention
services within the facility or are transported to a hospital in the community, when health care needs exceed the level of care available within the institution. Victim advocacy is offered through community providers or trained staff members. There is no financial cost to the inmate for any sexual abuse/harassment related incident medical or mental health care or advocacy services, regardless of whether the victim names the abuser of cooperates with the incident investigation. Inmate victims of sexual abuse while incarcerated are offered information about and timely access to information concerning pregnancy care and sexually transmitted infection prophylaxis, in accordance with professionally accepted standards of care, where medically appropriate. There was one allegation of sexual abuse that required referral for forensic evidence collection by a SANE provider in the last year. Compliance with this standard was determined by a review of policy/documentation, an interview with a Sexual Assault Nurse Examiner, a community victim advocate and medical staff.

Auditor Overall Compliance Determination

☐ Exceeds Standard (Substantially exceeds requirement of standards)

☑ Meets Standard (Substantial compliance; complies in all material ways with the standard for the relevant review period)

☐ Does Not Meet Standard (Requires Corrective Action)

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor’s analysis and reasoning, and the auditor’s conclusions. This discussion must also include corrective action recommendations where the facility does not meet the standard. PS 5324.12 addresses the requirements of the standard. As confirmed by a review of policy, the FDC will offer medical and mental health evaluation and, as appropriate, treatment to all inmates who have been victimized by sexual abuse in any prison, jail, lockup or juvenile facility. Inmates are also re-evaluated within 30 days of admission to the facility. The evaluation and treatment of such victims includes follow-up services. The facility would assist in the arrangement of referrals for continued care following their transfer to or placement in other facilities or after their release from custody. The FDC has fully staffed medical and mental health departments and offers sexual abuse/harassment victims with medical and mental health services consistent with the standard of care available in the community. Inmate victims, while incarcerated, would be offered testing for sexually transmitted infections as medically appropriate. Victims would also receive timely and comprehensive information about and timely access to all lawful pregnancy-related medical services (including pregnancy.
testing). Treatment services are provided to the victim without financial cost and regardless of whether the victim names the abuser or cooperates with any investigation arising out of the incident. Mental health evaluations are conducted on all known inmate-on-inmate abusers at least within 14 days of learning of such abuse history, but usually immediately when staff become aware of this information. When appropriate, treatment is offered by mental health practitioners. Compliance with this standard was determined by a review of policy/documentation and medical/mental health staff interviews.

Instructions for Overall Compliance Determination Narrative

The narrative below must include a comprehensive discussion of all the evidence relied upon in making the compliance or non-compliance determination, the auditor's analysis and reasoning, and the auditor's conclusions. PS 5324.12 addresses the requirements of the standard. Administrative and/or criminal investigations are completed on all allegations of sexual abuse/harassment. The facility investigators and/or the FBI/OIG/OIA conduct all investigations. Interviews with the SIS staff confirmed that they were knowledgeable concerning the requirements of the program and that they provided information to the Incident Review Team. The facility conducts a sexual abuse incident review at the conclusion of every sexual abuse investigation, unless the allegation was determined to be unfounded. The Incident Review Team consists of the Warden, IPCM, the Chief Psychologist, the Captain and other administrative staff. Based on interviews with members of the Incident Review Team, the review is conducted within 30 days of the conclusion of the investigation and consideration is given as to whether the incident was motivated by race, ethnicity, gender identity, physical barriers and status or gang affiliation. The team also makes a determination as to whether additional monitoring technology or staffing/monitoring procedures should be added to enhance inmate supervision. The facility implements the recommendations for improvement or documents its reasons for not doing so. All required reviews by the team were completed within 30 days of the conclusion of all investigations and are thoroughly documented (both documents were reviewed by the auditor). An annual review of all incidents is also completed. Compliance with this standard was
determined based on a review of policy, Incident Review forms, other documentation and staff interviews with the Incident Review Team members and the SIS investigator).
