

STATE OF HAWAII
DEPARTMENT OF PUBLIC SAFETY
KULANI CORRECTIONAL FACILITY

NOTICE OF WAIVER

While it is the intent of the Department of Public Safety, Corrections Division, to encourage visitation as part of its reintegration into the community program, it must be recognized that visits by minor, those persons under 18 years of age, present problems within correctional institutions. There are no special childcare facilities in Corrections Division facilities. Thus, parents and/or escorting adults are expected to maintain care and control of minors at all times during visits. If the minors are left unattended or are allowed to cause any disturbance in the facility, the visitation privilege(s) may be curtailed or terminated without notice.

In addition, parents or legal guardians of visiting minors are required to sign the following Waiver of Liability.

WAIVER OF LIABILITY

The undersigned waives any and all claims of liability against the State of Hawaii, the Department of Public Safety, Corrections Division, or any of its employees that may arise out of visitation at **KULANI CORRECTIONAL FACILITY** by his/her minor children listed below.
