

Department of Public Safety COVID-19 update for 10/13/20: Statewide Broad-based testing continues for jail and prison facilities.

PSD's Health Care Division is working with DOH, the Hawaii National Guard (HING) and community partners, to conduct mass testing for COVID-19 at all correctional facilities statewide. The Kauai Community Correctional Center (KCCC) has begun their inmate testing this week. Halawa Correctional Facility (HCF), Waiawa Correctional Facility (WCF) and the Women's Community Correctional Center (WCCC) have concluded their broad-based testing of staff and inmates. There were no inmates with confirmed active COVID-19 test results at these facilities.

The DOH testing of OCCC inmates is continuous. Two (2) new test results were received today and both were negative. There are no inmates hospitalized. Over 95% of the OCCC inmates who had positive COVID cases have recovered. The one (1) OCCC staff result received today was negative. The total number of PSD staff who have recovered and returned to work is at 100, or just over 83%. Information on PSD's planning and response to COVID-19 can be found at: <http://dps.hawaii.gov/blog/2020/03/17/coronavirus-covid-19-information-and-resources/>.
